EXPERIENCE

Kanopi Studios · Boston, Massachusetts (remote) May, 2021 – April, 2024

Drupal Engineer

Provided comprehensive, full-stack support for multiple Drupal-based websites, implementing technical and visual solutions for clients including the San Francisco Airport, Teach For All, and the Gilder Lehrman Institute of American History

Contributed to development of new websites for the New England Association of Schools and Colleges and Jackson Lewis

Maintained websites by regularly updating and optimizing custom code, while actively contributing patches to community-contributed modules on Drupal.org, to ensure site security, performance, and compatibility

Developed migration plans to upgrade Drupal 7 sites to newer Drupal architecture. Created custom tools to streamline gathering Drupal 7 site details

Actively participated in code reviews with my peers, offering suggestions and feedback, to ensure delivery of high-quality code

Belo + Company · Dallas, Texas

July, 2016 – May, 2021
